

Code of Conduct for PAACO Animal Welfare Auditors

Animal welfare auditors who are PAACO certified in all auditing disciplines shall, always, conduct himself/herself in a professional and ethical manner consistent with expectations of the Professional Animal Auditor Certification Organization (PAACO).

Pre-Certification: This includes conduct at the time that the audit performance reports (shadow audits) are completed. At that time, the trainee agrees he/she is a guest of the PAACO certified auditor and the facility/company being audited. During the entire term of the shadow audit, the auditor trainee will be bound to all company and PAACO standards of confidentiality and behavior, including but not limited to the following terms and agreements.

The facility/company being audited, PAACO and the PAACO certified auditor, protect their proprietary and confidential information, including all the audited company's operation and the audit being conducted. The trainee shall adhere to that same standard. The information, documents, items, materials and/or events observed by the trainee may not be disclosed to any person/entity during the audit or at any time after completion of the audit. This includes the results of the audit, the nature and conduct of the audited company's operation or the subjective perceptions/beliefs of the auditor trainee pursuing PAACO certification. The auditor trainee understands and agrees that disclosure of this confidential information, except as necessary in reporting the audit, exposes him/her to a significant risk of being named in a legal proceeding and may make him/her liable for all legal costs and monetary damages.

Post-Certification: Once certified, the auditor commits to continuously representing objective standards of auditing and all appropriate ethics and behavior as they are associated with the PAACO Certification. The auditor commits to not mis-representing this certification in any way, and recognizes that Certification is required for each audit area. Any breaches of behavior that are not consistent with these expectations may be grounds for the PAACO certification to be permanently rescinded.

By signing, I agree to uphold the standards of the Professional Animal Auditor Certification Organization and to perform audits using objective assessments and the highest ethical standards.
